

TOWNSHIP ROAD IMPROVEMENTS

Thank YOU for SUPPORTING THE ROAD MILLAGE RENEWAL.

Road Millage in Geneva Township of 3 mills* has generated the following money that has been spent on the road program. Also shown is the money received from Special Assessment Paving projects. *Headlee Amendment does not allow the township to levy the full 3 mills and since 1994 tax year levy has been reduced. 2008 millage Renewal only allows 2.9832 mill levy.

Special Assessment paving is done on a first come, first serve basis and as road funds permit. Since 1987 in Geneva Township 28 special assessment paving projects have been completed, covering 28+ miles. Special assessment for roads is spread over six years and approximately 40% of the cost of paving is paid by property owners. The township pays for all road preparation and approximately 60% of the paving cost. In 2008 Board changed formula to 25% by property owners and 75% by Township.

If you are interested in receiving more information about special assessment paving - please contact Nancy Whaley at 427-7607.

In 2008 needed maintenance was performed on various roads and special assessment paving of 2 miles of 59th Street & 1 mile of 8th Avenue.

In 1984 Geneva Township voters approved 3 mill levy for road work. This millage has been renewed consistently by voters and current renewal expires 12/31/12.

THANK YOU for SUPPORTING the ROAD MILLAGE RENEWAL.
